The Sharp MX-M654N and MX-M754N monochrome workgroup document systems deliver high productivity and strong versatility.

**POWERFUL PERFORMANCE WITH EXCEPTIONAL IMAGE QUALITY**

The MX-M654N and MX-M754N monochrome workgroup document systems offer powerful multitasking workflow features and exceptional image quality at speeds up to 75 pages per minute. Designed for large workgroups and departmental environments, these models combine a versatile modular design with tablet-style menu navigation and powerful output capabilities that can help virtually any office accomplish more in less time.

**Key Features**

- **Easy to Operate** – Sharp’s tablet-style touch-screen display offers a user-friendly graphical interface enabling quick access to features and functions when setting up jobs.

- **Advanced Workflow Capabilities** – Equipped with the latest version of Sharp OSA® technology and Cloud Portal Office content management for easy integration with network applications and cloud services.

- **Standard Wireless Networking** – Provides flexible access from mobile devices for scanning and printing directly to the MFP using Sharpdesk® Mobile, a free downloadable app.

The MX-M654N and MX-M754N monochrome workgroup document systems also support Sharp’s industry-leading security features, which include standard 256-bit data encryption and up to 10 times overwrite protection and a convenient End-of-Lease feature that erases all data, address books, and personal information at time of trade in.
An advanced design plus multi-functional capability allow you to meet tomorrow's document needs today.

- Flexible modular design provides a selection of configurations from basic workgroup copying and printing to professional folding and booklet making.
- 3,200-sheet standard paper capacity expandable to 6,700 sheets with options.
- Versatile paper handling system feeds up to 80 lb. cover through the paper trays and up to 110 lb. cover through the bypass tray.
- Standard 150-sheet duplexing document feeder scans both sides of a document in a single pass at speeds up to 200 images per minute (IPM).
- Large 10.1" (diagonally measured) tablet-style touch-screen display offers image preview feature with flick, tap and slide navigation, and pinch-and-zoom capability.
- 1200 x 1200 dpi printing provides clear, crisp images even on jobs with fine detail.
- Network ready PCL®6 and genuine Adobe® PostScript®3™ printing systems give you the added assurance that your documents will print exactly as you expect.
- Supports the latest Sharp OSA development platform, enabling businesses to easily integrate with network applications and cloud services.
- Supports Cloud Portal Office, a content management software service from Sharp for storing and sharing scanned documents and other electronic files.
- Supports Sharp’s enhanced security platform with standard 256-bit data encryption, up to 10 times overwrite protection, and convenient End-of-Lease feature.
- Standard Compact PDF feature dramatically reduces the file size of scanned color documents, resulting in decreased network traffic and more efficient use of disk and cloud storage.
- Full-size, retractable keyboard allows quick and easy data entry.
A flexible design from paper handling to networking – the MX-M654N and MX-M754N monochrome workgroup document systems will exceed your expectations.

**A Smart Touch-Screen Helps You Get Your Work Done Fast**
The MX-M654N/M754N document systems feature a 10.1” (diagonally measured) high-resolution LCD that goes beyond basic touch-screen menu navigation. With advanced features that include **flick, tap, slide, pinch and zoom**, you can quickly access the powerful functions of this series. In addition, a **tilting display panel** provides enhanced accessibility. A built-in full-size retractable keyboard makes data entry quick and easy.

**Configurations for Virtually Any Size Office or Workgroup**
Sharp understands the importance of productivity, which is why the MX-M654N/M754N document systems offer up to **6,700-sheet paper capacity** and support media types up to **80 lb. cover** (220 gsm) through the paper drawers and **up to 110 lb. cover** (300 gsm) through the bypass tray. For high productivity in small spaces, add the **500-sheet inner finisher**, or for more advanced configurations, add one of the floor-standing saddle-stitch and stacking finishers.¹

**Standard Wireless Networking for Today’s Contemporary Office Environments**
The MX-M654N/M754N document systems offer several secure methods to connect to your network environment. You can choose a traditional wired Ethernet connection or you can use the **built-in wireless network interface** to connect to a wireless network. For environments that use a wired connection but would like to also provide scanning and printing to mobile users, the Sharp wireless network interface can be configured in a **point-to-point mode**. This convenient feature enables users to scan or print directly to the machine using **Sharpdesk Mobile**, a free downloadable app available for most common mobile devices.²

**Connect Your Workforce with Cloud Portal Office and Collaborate More Easily**
Cloud Portal Office is a comprehensive document storage and sharing service that provides a convenient way to **seamlessly connect to your business content** and easily **share and collaborate** with team members. You can also capture, index and archive both paper and electronic documents in a single repository. Most importantly, IT administrators can **manage and control user access** in order to safeguard company data. The MX-M654N/M754N are Cloud Portal Office ready, and include 1 user license with 1 GB of storage for 1 year.

¹ Inner finisher available Spring 2015.
² Go to www.sharpusa.com for a list of supported operating systems.
The MX-M654N/M754N monochrome document systems utilize a powerful multi-processor controller designed to quickly execute complex print and copy jobs at speeds up to 75 ppm.

**VERSATILE DESIGN**

- **Duplexing Single Pass Feeder (DSPF)**
  Standard 150-sheet dual head document feeder scans both sides of a document in a single pass at speeds up to 200 IPM.

- **Advanced Network Scanning**
  Sharp’s ImageSEND™ feature provides one-touch document distribution to multiple destinations.

- **In-line Stapling**
  Produce professional-looking corner-staple or edge-staple documents up to 100 pages.

- **Saddle-Stitch Finishers**
  Make high quality saddle-stitch booklets up to 80 pages long.

- **Multiple Finishing Options**
  Sharp gives you a choice of five high-performance finishers to give your documents a professional look. Choose from a compact inner finisher to a high capacity, floor-standing saddle-stitch finisher.*

- **Easy-to-Use Smart Touch-Screen**
  10.1” (diagonally measured) high-resolution touch-screen with tablet-style menu navigation makes it easy to access features.

- **High Quality Printing**
  1200 x 1200 dpi resolution produces razor-sharp documents. Genuine Adobe PostScript drivers offer extensive job control.

- **Enhanced Security Features**
  256-bit data encryption and 10 times data overwrite, as well as Sharp’s convenient End-of-Lease feature.

- **On-board Document Storage**
  Sharp’s easy-to-use Document Filing System enables users to store frequently used files.

- **100-Sheet Multi-Bypass**
  Feeds paper from 5-1/2” x 8-1/2” to 12” x 18” and media up to 110 lb. cover (300 gsm).

- **Large Capacity Cassette**
  Available large capacity cassettes add an additional 3,000 to 3,500 sheets of paper for a total on-line capacity of up to 6,700 sheets.

*Inner finisher available Spring 2015.
GET MORE OUT OF NETWORK RESOURCES

Streamline your document workflow and enhance productivity with Sharp OSA technology.

**Integrating with Network Applications and Cloud Services Has Never Been So Easy**
With standard Application Communication and External Accounting modules, the MX-M654N/M754N document systems offer enhanced document workflow capabilities to help businesses leverage their network infrastructure, cloud-enabled services and more.* While others are limited to a small circle of productivity, the Sharp OSA development platform allows businesses to leverage the power of their network applications, back-end systems, even cloud-enabled services, right from the touch-screen panel.

**Save Time, Increase Efficiency**
Save time and increase the efficiency of everyday tasks with Sharp OSA technology. Any MX-M654N/M754N anywhere in the organization can display choices that were once only available on a desktop PC. With virtually seamless one-touch access to business applications via Sharp OSA integration, you can start and finish a document distribution task without worry.

**Customized Integration**
Sharp OSA technology also provides powerful customization. With the ability to personalize applications and processes specific to your business, Sharp OSA technology can help eliminate redundancy and streamline workflow, helping to save time and optimize productivity. The latest version of Sharp OSA technology can reach beyond the firewall, enabling cloud-based applications over the Internet. And since Sharp OSA technology utilizes industry-standard network protocols such as SOAP and XHTML, third party software developers can deliver customized solutions to your business faster than ever.

**The Convenience You Want with the Security You Need**
The MX-M654N/M754N document systems enabled with the Sharp OSA development platform are the logical choice for providing fast, flexible access to documents and applications no matter where you are in the office. You also get the controlled access and tracking ability you require with tighter integration capabilities for network security and accounting applications.

*Some features require optional equipment and/or software/services.

ADVANCED DEVICE MANAGEMENT TOOLS MAXIMIZE EFFICIENCY

The MX-M654N/M754N monochrome series document systems enhance operational efficiency through versatile device management capabilities.

**Sharp Remote Device Manager (SRDM)***
Make management of your MX-M654N/M754N simple and straightforward with Sharp Remote Device Manager (SRDM). This easy-to-use software allows you to take control of the versatile system features and simplifies installation and management.

- With Printer Status Monitor, network users can view printer conditions, check paper levels, toner, and more, all through an easy-to-use interface.
- With Sharp Remote Device Manager, administrators can easily manage the setup, configuration, device settings, cloning and more. Advanced features such as Remote Front Panel allow administrators and support personnel to view and control the LCD panel of the machine remotely from virtually any PC on the network. Plus, with event-driven, real-time service alerts, administrators and supervisors can achieve higher productivity. Now it is easier than ever to view service logs, click counts, history reports and more.
- Experience the convenience of an Embedded Web Page right from your desktop. This advanced web-based management tool allows users to create and manage their own network scanning destinations, profiles and web links. Administrators can access device settings, quality control, account information and security settings.

**Take Charge of Usage and Costs**
With Sharp’s device management system, administrators and supervisors can define user groups on the MX-M654N/M754N to manage and restrict features, such as copying, scanning or printing. Easily set up a custom user group to manage page counts (copy, print, scan or fax operations). This helps to simplify cost management of imaging. The MX-M654N/M754N can store profiles for up to 1,000 users.

**24/7 Training with My Sharp™ Web-based Support**
Managing all of the advanced features of your Sharp product is simple and easy. Ask your Authorized Sharp Dealer about the My Sharp website. This dedicated customer training website is customized to your MX-M654N/M754N and allows you to locate resources and find information specific to your configuration, truly helping you maximize your investment.

*Not available at time of launch.
To help protect your data, the MX-M654N/M754N offer several layers of standard security, making Sharp the optimum choice to help protect employees’ privacy and intellectual property. As a leader in office equipment security, Sharp makes it easy for virtually any business or government entity to safely deploy digital copying, printing, scanning and faxing.

**Authority Groups**
Advanced account management enables administrators to set authority groups for access to features of the MX-M654N/M754N. Administrators can control which department, for instance, has full access to copying, printing, scanning and/or fax. Walk-up users enter a Code, Local Name and Password, or LDAP User Authentication to access the features assigned to their group.

**Data Overwrite and Encryption**
To help protect your data, the MX-M654N/M754N can encrypt document data using AES (Advanced Encryption Standard) 256-bit encryption. The MX-M654N/M754N can also erase the temporary memory on the hard drive by overwriting the encrypted data up to ten times, offering a heightened level of assurance. A convenient End-of-Lease feature overwrites all data, including document filing, user data, job status, date and address book.

**Network Scanning Access Control**
To help protect your network from unauthorized E-mail communications, the MX-M654N/M754N support User Authentication, requiring users to login before performing any network scanning operations.

**Control Device Access Over the Network**
To help restrict access to the device over the network, the MX-M654N/M754N offer IPsec, SMB and extended support for SSL Encryption (Secure Sockets Layer), IP/MAC address filtering, IEEE 802.1x authentication, protocol enable/disable and port management for maximum security.

*Some features require optional equipment and/or software.*

**Documents Remain Confidential**
The MX-M654N/M754N offer Confidential Printing, which when used, requires users to enter a PIN code in order to print a queued document. To help protect your direct-print documents from unauthorized viewing, the MX-M654N/M754N offer encrypted PDF printing and scanning. Additionally, Secure Fax Release ensures received fax documents are held in memory until an authorized user enters a PIN code, so that compliance with healthcare regulations such as the Health Insurance Portability and Accountability Act (HIPAA) is easier.

**Tracking and Auditing Information**
Legislation and industry policies require companies to be more aware of information flow from their offices. Sharp offers both built-in and additional hardware/software, which allows users to control, access and track usage of each device on the network.*

**Data Security Kit (Optional)**
For maximum protection, the optional data security kit offers additional features, such as Data Overwrite On-demand and at Power Up, Document Filing access control, Restricted Status Display and List Printing.

These scalable security offerings aim to protect your intellectual property, preserve confidential information and help your business meet regulatory requirements such as HIPAA and the Gramm-Leach-Bliley Act (GLB). For additional information visit: www.sharpusa.com/security.

**ENVIRONMENTAL COMMITMENT**

**An Environmentally Responsible Approach to Product Design**
The MX-M654N/M754N utilize Sharp’s advanced micro-fine toner technology, which offers a lower consumption rate and produces less waste than conventional toners, resulting in longer replacement intervals. Sharp supplies are packaged using fully recyclable materials. Long-life consumable parts help minimize service intervals and down time, resulting in lower operating costs. With two different energy saving modes, power can be reduced or shut off at set intervals. The MX-M654N/M754N document systems are ENERGY STAR® qualified and RoHS compliant to restrict the use of hazardous substances. Sharp business products are EPEAT® certified.

**Toner Recycling Program**
As part of our commitment to helping preserve the environment, Sharp offers our customers zero-waste-to-landfill recycling for Sharp consumables, including cartridges, bottles, toner collection containers and drum units. Sharp encourages customers to recycle their used Sharp toner cartridges in bulk by providing a pre-paid Recycling Kit for their return to our facility.

**Environmental Leadership**
As a testament to our commitment to the environment, Sharp is a multi-year winner of the ENERGY STAR annual Excellence in Energy Proficiency Product Design. Sharp is also a multi-year winner of the SmartWay® Excellence Award, which recognizes companies for conserving energy and lowering greenhouse gas emissions in logistics and transportation. Sharp was also a previous recipient of the Excellence in Partnership Green Contractor Award and the Evergreen Award from the General Services Administration (GSA) and the Coalition for Government Procurement. These awards recognize environmentally responsible businesses and their efforts on recycling, waste reduction and affirmative procurement practices.

**Global Initiatives**
Sharp is committed to environmental sustainability and corporate responsibility including planning, design, manufacturing, distribution and product end-of-life management. For more information about Sharp’s environmental leadership including information about energy efficient products, electronics or toner cartridge recycling, please visit www.sharpusa.com/environment.
